Electrifying Excellence: Redefining Speed, Style, and Sustainability in Every Pulse.

**Silent speed,
sustainable power**

Quds NOSTRUM

Introducing the QUDS Nostrum, the inaugural supercar from EV Electra that sets a new standard in the world of electric vehicles. With a perfect blend of delicacy and high performance, the Nostrum takes the lead in its class, outshining most electric vehicles with its competitive edge. Safety is paramount, and the Nostrum surpasses international measures, ensuring a secure and reliable driving experience.

Featuring futuristic looks that turn heads, the Nostrum is not just about aesthetics — it delivers ultimate control, offering a driving experience that is both thrilling and precise. What sets the Nostrum apart is not just its performance but its accessibility, boasting a reasonable price that challenges electric vehicle manufacturers worldwide. In the realm of electric supercars, the QUDS Nostrum stands as a symbol of innovation, pushing boundaries to redefine what is possible. Embrace the future of driving with a vehicle that seamlessly combines style, power, and affordability. The Nostrum — where the extraordinary meets the practical, setting a new benchmark for electric excellence.

APPEARANCE.

Elevate your drive with supercar aesthetics, accentuated by gullwing doors that embody a futuristic edge. The spacious interior accommodates four, inviting you into a realm where every detail promotes speed, power, and the pinnacle of modern technology. Experience a visual symphony of performance and style as you command the road in unparalleled elegance

PERFORMANCE.

Embark on a journey of engineering excellence where lightweight precision meets unbridled acceleration, setting the stage for an unparalleled driving experience. From the thrill of instant responsiveness to the pursuit of top speed, every element is meticulously crafted to satisfy the true connoisseur of the road. Brace yourself for a symphony of power, as this performance masterpiece seeks to redefine your notion of driving satisfaction.

VALUE.

Crafted to exceed expectations, our supercar is a bespoke marvel, tailored to meet every customer's vision of excellence. In a category of its own, the value it delivers transcends mere monetary considerations, reaching heights of unparalleled excellence. Step into a world where every drive is a testament to the extraordinary value we place on your automotive experience.

Illuminate your journey with confidence using the ultra-bright LED headlights. Designed to significantly enhance visibility for the driver, these lights ensure a clear and well-lit path, providing not just illumination but a heightened sense of safety on every drive

Full LED taillights redefine automotive lighting, blending style and safety in a luminous masterpiece that illuminates the road with precision and sophistication.

A fusion of timeless design and cutting-edge tech. Its iconic Gullwing doors open upward, creating a dramatic entrance. But that's not all – with keyless entry via your smartphone, unlocking and starting the Nostrum is just a tap away. Elevate your driving experience with the perfect blend of style and innovation.

**Ignite the Future,
Drive the Extraordinary**

front and rear seats

Unleash the future of driving with Quds Nostrum

Unleash the power of sustainability with the QUDS Nostrum, a groundbreaking electric supercar that defies expectations. With an impressive range of 500 to 800 kilometers on a full charge depending on the mode of driving (Performance mode/Range mode). Nostrum is not just an eco-conscious choice; it's a symbol of uncompromising performance. Efficiency meets convenience as the Nostrum comes equipped with a built-in charger and a universal plug, ensuring compatibility with all charging stations. Whether you're on a road trip or navigating the urban landscape, charging is a breeze, thanks to the seamless integration of cutting-edge technology. Fast-track your journey with the Nostrum's rapid charging capability. In just 30 minutes, you can elevate your battery level from 20% to 80%, ensuring minimal downtime and maximum adventure. This efficient charging system is a testament to the Nostrum's commitment to not just sustainable mobility but also practicality. But the Nostrum isn't just about range and charging speed – it's engineered for an exhilarating driving experience. With a battery capacity of 90kW, 670 horsepower under the hood, and an acceleration of 2.5 seconds, this electric marvel seamlessly blends environmental consciousness with sheer power. Reach a top speed of 320 km/h and experience the future of high-performance electric vehicles. The Nostrum is designed to have a pronounced effect on every aspect of your driving experience – from acceleration to top speed, battery efficiency to handling. It's not just a car; it's a statement, combining cutting-edge technology, sustainability, and performance into a single, awe-inspiring package. Welcome to the future of driving, where the QUDS Nostrum E.E. leads the way.

THE INTERIOR

Step into the future of automotive luxury with the Nostrum, where the interior is a symphony of space, design, and cutting-edge technology. The spacious cabin is designed to accommodate four passengers in a setting of unparalleled comfort and style. The futuristic interior of the Nostrum is a true testament to modern design. High-end finishing and premium materials grace every surface, creating an ambiance that seamlessly merges sophistication with technological innovation. Each detail, meticulously curated, contributes to an interior that is both visually stunning and exceptionally functional.

At the heart of the driver's experience is the uniquely designed curved bottom steering wheel. Beyond its aesthetic appeal, this feature is engineered for a sports grip, enhancing vehicle control and responsiveness. The addition of shortcut buttons on the steering wheel ensures that essential functions are easily accessible, providing an intuitive and focused driving experience.

THE INTERIOR

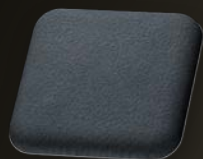

The Nostrum is not just a vehicle; it's a social space on wheels. With seating for four passengers, every journey becomes a shared experience of luxury and refinement. The 16-inch touchscreen infotainment system, seamlessly integrated into the sleek dashboard, acts as the technological centerpiece. This intuitive display grants easy access to navigation, entertainment, and vehicle settings, putting the control right at your fingertips. In the Nostrum, the interior isn't just about space; it's about creating an immersive environment where futuristic design, high-end materials, and advanced technology come together to redefine the driving experience. Welcome to a realm where luxury knows no bounds, and every detail is crafted to elevate your journey to new heights.
