

# THE ALL-NEW 2025 CAPITAL

## Shaped by the wind, mastered for the road

Engineered for sharp performance and precise control, delivering a seamless balance between dynamic power and exceptional handling.

0.26 ultralow wind resistance

## Thermoformed steel-aluminum hybrid high-strength lightweight body

The high-strength lightweight body-in-white (BIW) is engineered with a thermoformed steel-aluminum hybrid structure, incorporating 44 hot-formed steel plates with a tensile strength of up to 1,500 MPa to create a robust cage frame. This advanced steel-aluminum composite design achieves a perfect balance of lightweight construction and exceptional strength, offering a secure and resilient traveling environment. It is crafted not only for the pursuit of speed and exhilaration but also to ensure a smooth, serene driving experience that inspires confidence and peace of mind.

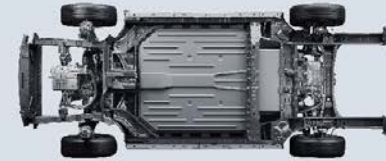

### Three driving modes deal with the challenges of all road conditions in real time

**ECO MODE:** Enhanced efficiency for superior electric energy economy

**MOTION MODE:** Optimized for a more dynamic and responsive power delivery

**STANDARD MODE:** Combining exceptional energy efficiency with dynamic and economical power performance.

### Enjoy Comfortable driving with four wheel Independent suspension

The front MacPherson and rear multi-link independent suspension are meticulously designed to deliver a smooth and comfortable driving experience. Enjoy effortless control and unparalleled comfort as you drive forward with confidence.

# The future of driving, crafted to inspire.

## Dazzling silver-hook LED headlamp

In addition to the dazzling silver-hook headlamp, an upgraded design of adaptive high and low beam lamps brings more flexible and intelligent eyes,

## Concealed electric door handle

The hidden assistant is integrated with the vehicle body and the unlocking handle of the vehicle automatically pops up to bring you a full sense of ceremony.

## Michelin Haoyue 4 mute tire

The aluminum alloy hub is equipped with Michelin Haoyue 4 high-performance tires for excellent silence, comfort and grip, and multiple sporty shape.

# INTERIOR

The exceptionally spacious interior redefines the possibilities of space utilization, offering a superior driving experience in its class. Guided by inspiration and cutting-edge technology, this vehicle is designed with a people-first approach, ensuring every journey is met with the comfort of an intelligent, thoughtfully crafted cockpit.

Dark interior

Light interior

# INTERIOR

## 8-way power seat

The driver's seat is electrically adjustable in 8 directions and the driver can switch the comfortable driving and riding spaces at will to meet the space needs of the driver and passengers for free and pleasant travel.

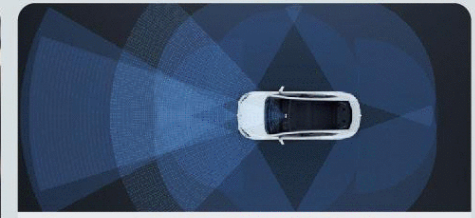

## Dual screen

10.25" +12.3" panoramic HD dual screen star-eye flashes for panoramic view, enjoy technological inspiration of linkage support for gesture control of IVI.

## Intelligent thermal management system

Use the first waste heat A/C system for EV to effectively improve the energy consumption index and increase the endurance mileage by 30% compared with that of ordinary PTC heating A/C (heat pump A/C optional).

## 360 AVM visual system

Accurate identification of the surrounding environment and support of 100+ parking scenarios, including incomplete parking lines and parking spaces on curves, with an all-around view enable the blind spot disappear and the field of vision return.

**550km of RANGE PER  
CHARGE**

# THE EXTERIOR PAINT

**AURORA WHITE**

**MARBLE BLACK**

**FUTURE CYAN**

**KNIGHT GRAY**

Coffers a selection of different basic colors for your CAPITAL. Customization is subject to OLOR SELECTION. EV Electra approval and additional charges

# SPECIFICATIONS

DRIVE MODE	FRONT MOTOR
BODY STRUCTURE	4-Door 5-seat sedan
Dimension (mm)	4675X1835X1480
Wheelbase (mm)	2750
Front/Rear track	1570
Ground Clearance (mm)	145
Curb weight (kg)	1570
NEDC autonomy mileage (km)	550
Battery capacity (kwh)	60
0-50 km/h acceleration time (s)	3.9sec
Motor type	PMSM
Max. Power (kW)	118
Max Motor torque (N.m)	225
AC Charging (h)	6-10
DC Charging (SOC 30-80%,min)	30
Charging port	CCS-2
Front Suspension	MacPherson independent suspension
Rear Suspension	Multilink independent
Type of front brake	Ventilation Disc
Type of Rear brake	Disc Type
Wheel Type	Aluminum alloy
Tire spec.	215/55 R 17
INTELEGENENT DRIVING CONTROL
